

Where is Curtis?

The B&B Care Services, Inc. Therapy Canine 'Curtis' is on the road traveling with his trusted human companion. Tena Blakey, MSW, is the ALS-ADH Team Lead for the Elderly Disabled Waiver Program (EDWP).

Tena and Curtis travel throughout Georgia, visiting participants that receive Case Management services through the EDWP Program, that reside in a DCH approved Assisted Living facility or attend an Adult Day Health program of their choice.

Curtis loves to visit participants and meet staff, as he and Tena complete a thorough review to ensure participant needs are met.

Curtis walks throughout the facility, checking each room, assessing participant living quarters, and always willing to share cuddles and kisses when needed.

Tena and Curtis visited participants 9-8-2023 residing at The Golden Apple in Moultrie Georgia.

Comments from Participants:

Perry Wellness Center - Americus

Today's adventure led Curtis and Tena to Americus to visit participants that attend Adult Day Health program at the Perry Wellness Center 9-14-2023.

The Perry Wellness Center provides transportation within a 60-minute radius. The participant will also receive \$5.00 per day for attending the program that can be used towards the purchase of lunch, or the participant can save the money and bring their lunch.

As you can see from these two photos, participants that attend the program have the opportunity to share their gardening skills by growing these beautiful mums. *Curtis was so impressed that he asked Tena to purchase two for him to enjoy during his down time.*

This facility provides an on-site hot cafeteria to serve locally grown produce for participants and their families to enjoy. The locally grown produce is also available to purchase.

Curtis loves interacting with participants, staff and family members.

He also loves to take a moment to show off his super photogenic skills as Tena captures the beautiful grounds.

Such a handsome fella!
